## The Granada & Artist Mariel Bayona

Kevin B. McGlynn

Born in El Paso, Texas, Mariel grew up believing that imagination is a way to escape. She is a dreamer. Emotion drives her inspiration.

Games, metaphors, irony, reflections, wit, and imagination surrounds her work. The pieces encourage the viewer to observe and discover unexpected elements and mystery. One by one they are unique. The goal of her work is to create an opportunity for the viewer to depart reality and represent emotions people would rather ignore.

She is currently living in San Antonio, Texas completing her bachelors. She just finished a Summer Residency Program at the San Francisco Art Institute. It is in Mariel's plans to pursue her MFA after completing her bachelors. Thanks for excepting this small commission to sketch Granada residents who will not forget your visit, come back soon.

## Granada Internationals

Diego Szimanski

Luciano Tulio

In his own write: *"First of all, we came here to study English and get some new experiences, after some time started think about reach something else, like a job where we could improve our English and gain some money. After that idea, we talked with a friend, Guilherme and He gave us a tip about work on the Hotel, it was exactly what we wanted. That's the reason why we're here today. All this happened in the perfect moment, looking for a new goal to reach. Be simple is to be great, try do your best at every where and anytime. The goals to reach: improve English, travel over the coast of California, get experiences."* English perfect, no but way better than my Portuguese. Welcome to the Granada where the need for you in our dining room abounds and the English flows like honey. *Ed.*

The Granada tour goes to AT&T Baseball Park once again, Monday the 29th of August to watch our San Francisco Giants play the Chicago Cubs at 7:15 pm, Kevin will distribute the tickets to our first Granada night game. Don't forget a Granada staffer will meet you there with beverages and peanuts, popcorn, pretzels, the lot! Our new player, Carlos Beltran might provide just the power bat San Francisco needs to make another deep playoff run. That's general manager Brian Sabean's hope, anyway. Rental referrals are important to us, so for the month of August every successful referral we receive, a \$200 reward is posted. I hope this will cause you to recommend The Granada to your friends and colleagues because the payoff goes both ways. Don't forget about not feeding the pigeons, it's illegal and messy. April, my daughter the aspiring PhD who is finishing her dissertation in her fifth year, brought her beau Brennan, an independent filmmaker, up to San Francisco recently; he created a short horror film about paramedics which is being shown at various US film festivals, go Brennan! This is one of our best months for weather so enjoy it! My door is always open. Thanks.
